Subject: GP's New Contractor

I just got off the phone with Garry Griffith. He told me their new contractor is AMEC. They are from Atlanta and have an office in Novi, MI. I guess Garret Bondy is going to be the project manager.

Obviously, their goal is to get the next version of the FS in an approvable form. He wants to have a meeting in early April (3rd or 4th) to discuss SWACs for the Area 1 FS, along with other FS issues. This sounds like more of a technical discussion. They are going to submit a proposed date for an Area 1 FS extension. Garry was thinking the end of July, but I told him that was too long. Maybe the end of June. We will see.

Anyhow, he also asked about Area 2 RI comments.

That's it for now. I am sure Jeff, Todd, et. al. may know more about AMEC and can fill us in tomorrow.

Jim
